SWIFT & CO.'S WEEKLY PRO- DUCE MARKET REPORT

The United States Department of
Agriculture report of June 19th
states there are 25,000,000 cows on
farms, and in cities and villages in
the United States.

Butter production has been light-
er the first six months of the year
than during the same period in
1919. The first week in July shows
a slight increase over 1919, due to
better pasture conditions. Prices
on butter fat are higher than a year
ago.

Receipts of poultry are consid-
erably heavier than last year, but
due to lighter storage stocks, there
is a good demand for current re-
quirements. Prices show but little
change on fowls. Spring chickens
are being marketed in increasing
quantities each week, resulting in
lower prices.

The quality of eggs delivered
during the week shows care and at-
tention in marketing.

The improved quality has been
generally noticeable, and higher
prices are being paid in the larger
markets and producing territory.

Three Northern California mu-
nicipalities have recently elected
women as city clerks.

HAMILTON FUND BENEFICIA- RIES.

Hon. Judge and Members of the Fis-
cal Court:

The commissioners having met with
beneficiaries of, and new applicants
for, the Hamilton Fund, have, after
due consideration, made their selec-
tion and wish to submit it for your
approval. Six of last year's ben-
eficiaries did not apply again, one has
reached the age limit, one has died
and two have married. Although we
have not so large a sum to distribute
this year, the fact that so many are
dropped from the list, has enabled us
to add eight new names, thus mak-
ing twenty-seven beneficiaries, the
same as last year.

As usual we have been obliged to
disappoint a number of applicants.

Generally speaking, the girls have
done very good work. We have tried
to impress upon all of them that
those who show indifference will be
replaced by others more worthy. We
know that by retaining them on the
list we would defeat the object and
intentions of their benefactor.

Following are the names of those
chosen:

CARTER GLASS SAYS COX IS GENUINE DEMOCRAT

Senator Carter Glass, of Virginia,
home from the Democratic National
Convention, declared that Governor
Cox, the Presidential nominee, is "a
genuine Democrat, and, if elected,
will give the country a safe and a
clean administration."

Shortly after his arrival in
Washington, Senator Glass, who was
chairman of the committee on resolu-
tions, went to the White House,
but did not see President Wilson.
He expressed himself as greatly
pleased with the work of the con-
vention and said he looked for a
corking good campaign for the
party, with every prospect of victory
in November.

The Virginia Senator served two
terms in the House of Representa-
tives with Governor Cox and said
he regarded him highly.

"Cox is a genuine Democrat, and,
if elected, will give the country a
safe and clean administration," said
Mr. Glass.

HINT TO MERCHANTS

These midsummer days the alert
merchant moves a lot of hangovers,
and keeps his sales force up to one
hundred per cent. efficiency. To do
this a little clever advertising is
necessary.

better still, call at THE NEWS

Possible Economy.

One day when James was taking a
walk with his grandmother they met
a man who had his glasses so far
down that he could easily look over
them. After they had passed him
James said: "Grandmother, why does
he look over his glasses; is he afraid
of wearing them out?"

Deference.

Deference is the most complicate,
the most indirect, and the most ele-
gant of all compliments.—Chenstone.

FARMERS CAN MAKE MONEY BY DRAINING WET LAND

There is much wet land in Ken-
tucky where the farmers can easily
remove this excess water by the use
of tile drainage. In many in-
stances the land owner can make no
improvement that will pay him as
large dividend in dollars as a good
system of drainage. It is true that
since 1916 when it cost approxi-
mately \$18 to grow an acre of corn
at an average price of 87c a bushel,
it costs about \$30 an acre to drain
land. Now the price of corn is
\$2.00 a bushel and it costs approxi-
mately \$25 an acre to produce corn
and the tile drainage will cost about
\$60 per acre. It should be remem-
bered that the average value of all
plowed land for the State in 1916
was \$35; while the value of the
same land now is approximately
\$70. It is good business for a man
to invest money in tile drainage if
he can realize better than 100% on
the investment every year. The
College of Agriculture will help
farmers plan the drainage system
for wet pieces of land or will be
glad to furnish estimates for such
work.

The United States Army reorgani-
zation legislation provides "assim-
ilator" rank of major, captain and
first and second lieutenants on mem-
bers of the Army Nurse Corps.

A Life of Happiness

COMES into every home when the
Buick Valve-In-Head motor car
arrives.

Nearly three millions of people today
enjoy the comfort and pleasure of the
five hundred thousand Buick cars in
operation.

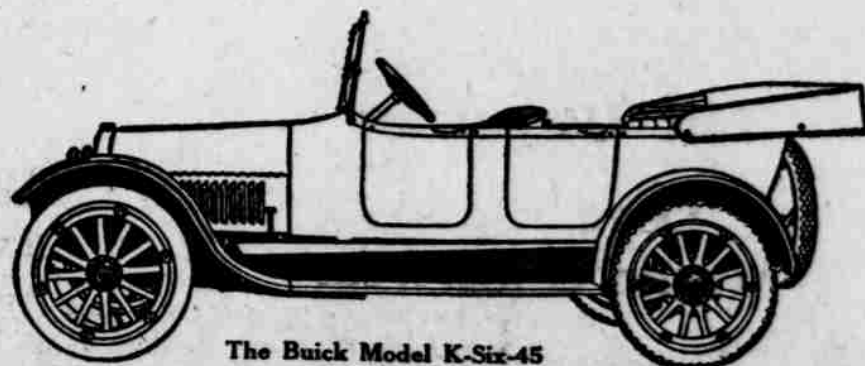

Each trip, every tour, or spin to town
and back makes each passenger grow
more enthusiastic over Buick operation
for it is built to fulfill all the needs of
family usage—and yet so easily appli-
able to any business acquirement or
special duty.

That is why you find Buick dealers
booking orders for the summer and fall
months from motor car purchasers who
know how essential Buick cars are in
their daily life.
